Fast learner with excellent communication, team leadership, organization, analytical, and project management skills. Bilingual in English and Portuguese.

SKILLS

HTML5 | CSS | Javascript-ES6 | Node.js | Express | MYSQL | SQL | Git | GitHub | JQuery
React | REST | APIs | MongoDB | Mongoose | GraphQL | SASS

EDUCATION

- **Full-Stack Coding Bootcamp** – University of North Carolina – Chapel Hill, NC **06/2022**
- **Bachelor's degree in Arts and Modern Languages** – Federal Technological University of Paraná – Brazil **01/2019**

PROFESSIONAL EXPERIENCE

- Self Employed - NC – Full Stack Web Developer** **12/2021 – 06/2022**
- Designed a social network called Coffee and Parenting where parents can ask for advice and share tips and tricks for a specific age group.
 - Designed the models for the database and the relationship between schemas, using Mongoose subdocuments to tie relational data and utilizing virtuals to return reactions on the posts.
 - Defined typedefs (Queries and Mutations) and resolvers using GraphQL and Apollo Server.
 - Set up JWT authentication on the server side and built front-end with reusable React components.
 - Technologies used: React, MongoDB, Apollo Server, JSON Web Tokens, Heroku, GraphQL, React Bootstrap, Node.js, and Apollo Client.
 - Developed a site called Scout Pet Care that connects pet owners looking for pet care and dog walkers looking for jobs.
 - Used agile methodology to brainstorm, plan, and develop the App, working with a group of 5 people and creating flowcharts to align the front end and back end.
 - Worked with pre-existing code to generate the models and relationships between tables (Sequelize) and worked on front-end requests to Rest APIs.
- Select Sitters – Durham, NC – Childcare Provider** **04/2020 – 06/2022**
- AuPair in America – Raleigh, NC – Au Pair** **07/2019 – 04/2020**
- Developed professionally and personally by working with children in a different country and culture.
- InFlux English School – Brazil – English Teacher** **06/2018 – 07/2019**
- Taught English as a second language to children and adults, developing educational content that engaged and inspired curiosity in students.
 - Created lesson plans, administered assignments and tests, and evaluated and documented students' progress.
- Alegria de Aprender – Brazil – Pre School Language Teacher** **04/2015 – 05/2019**
- Developed and delivered lesson plans using appropriate instructional techniques that enabled students to overcome barriers to learning the English language.
 - Reported each child's progress in class, providing parents with a comprehensive analysis of children's pronunciation, rhythm, and intonation in English.
